

NOTICE TO RESIDENT

Brookfield Road Multi-Use Pathway CONTRACT NO. CP000328

CONSTRUCTION NOTICE

September 2019

Dear Resident,

Beginning in September, the City of Ottawa will begin construction of a new multi-use pathway in your neighbourhood.

Who: The City of Ottawa has retained the contractor, A & B Paving Corp., to perform the construction.

Why: This work is being carried out as part of the City's strategic initiative for community connectivity to strengthen and support cycling in the city. The construction of a new multi-use pathway will improve driver and cyclist safety through the corridor.

What: The existing concrete sidewalk on the southside of Brookfield Road will be replaced with a new asphalt multi-use pathway.

When: Construction will **start in September 2019** and will be completed by late November 2019.

Where: The south side of Brookfield Road from Riverside Drive to the roundabout west of the Airport Parkway.

The affected roads will have information and construction signs installed and maintained throughout the construction site for the duration of the construction to keep you informed of the changing conditions. Localized lane closure will be required at various locations along Brookfield Road.

Significant effort is being made to reduce the duration of the construction impacts in your community.

Accessibility

Accessibility is an important consideration for the City of Ottawa. Provisions to accommodate pedestrian and cyclists during construction are an integral part of the project. If you require special accommodation, please contact the undersigned.

Accessible formats and communication supports are available, upon request, at the following link: www.ottawa.ca/accessibleformat

NOTICE TO RESIDENT

Traffic

Some localized lane closures will be required during construction.

Construction Disruptions

A & B Paving Corp. will take every precaution to minimize interruptions to the normal life of your family and/or operation of your business, but as you can appreciate, there may be some inconvenience during the construction of this project. We would like to thank you in advance for your patience and co-operation.

For further information about this project, please contact the project managers below.
